Release Notes Continued

October 16, 2019

[Business Enhancement] Add Missing Provider and Missing Date of Injury to the Incomplete PA filter

[Business Enhancement] Update Payment Method Import buttons so they stand out on the page

[Business Enhancement] Add a spinning wheel to the PA pages when filtering so it's clear something is happening

[Operational Enhancement] Add the capability to label certain users as Key Contacts so it's easy to know who to reach out to at accounts

[Mobile Companion App] Add a frame to the camera page so it's easier to center images

[Mobile Companion App] When previewing images taken in landscape show what the image will look like when attached

[Mobile Companion App] Create one app version that can be used in all environments

[Mobile Companion App] The app should reset itself after 15 minutes so images aren't stored

[Mobile Companion App] Force an app update so users have the latest version

[Mobile Companion App] Open app deep links that point back to the hostname of the environment the user is on

[Future Functionality] Add the ability to add products to Inventory Count

[Bug Fix] External Doctor roles cannot login successfully

[Bug Fix] Awaiting Verification should not show on PA when product is removed after provider signature

[Bug Fix] Email validation is preventing signatures from being added

[Bug Fix] Missing Provider Signature link on Dashboard isn't correctly filtering

[Bug Fix] Console errors are seen when adding an Item to a Restock

[Bug Fix] Attachments can no longer be dragged and dropped for upload on a laptop
