

## Release Notes

May 27, 2020

This deployment may include new features, bug fixes, security enhancements, and data migration related issues. The below list contains all the items that will go to Production on 5.27.20.

**[Business Enhancement]** Add new Filter option called All Additional Filters to the PA and BS tabs. Additional filters include Has Attachments and Has Notes. Has Payments will only be visible in OC accounts with Payment Processing enabled and Has VeriPro will only be visible in VeriPro enabled accounts

**[Business Enhancement]** Remove the Add Diagnosis button from the Diagnosis section. Clicking the Enter or Tab key or clicking on/selecting the ICD-10 in dropdown will place the ICD-10 on the Patient Agreement

Diagnoses

M21.021

Valgus deformity, not elsewhere classified, right elbow

Remove

Add Diagnoses - Name or Code

**[Business Enhancement]** Add the Not Submitted PA tally and link to the Billing tab in the Summary by Clinic section so users can easily navigate to those PAs
