

## Release Notes

August 5, 2020

This deployment may include new features, bug fixes, security enhancements, and data migration related issues. The below list contains all the items that will go to Production on 8.5.20.

**[Business Enhancement]** Add a Clinic dropdown field to the Missing Provider Signature section on the main dashboard so the list of providers can be filtered down by Clinic. Note: the total number of PAs will not filter down if provider has PAs from multiple Clinic locations

Provider	Provider Total	
Abductor, Doctor	1	<a href="#">Sign All</a>
Doe, John	13	<a href="#">Sign All</a>
Hobson, Nicholas	1	<a href="#">Sign All</a>

**[Business Enhancement]** Allow Customers to add Free Shipping Thresholds to Vendor Sites

**[Business Enhancement]** Add the Inventory Location Delivery Address 'Address Line 2' to the Restock PDF

**[Business Enhancement]** Add the ability for Users to create Service Notes on Rental products

**[Business Enhancement]** Add the ability to Edit and Remove Service Notes created on Rental products

**[Business Enhancement]** Remove the Rental Activity and Actions from a product's Rental tab

**[Business Enhancement]** Don't allow a Rental product to be Inactivated when it's in the middle of a Rental Cycle

**[Business Enhancement]** Only show the Delete button on a Rental product if there is no rental history

**[Business Enhancement]** Update the Create New User page to improve workflow

**[Business Enhancement]** Update the Provider Selection search and select on the New PA page so white space can't be added at the end of the providers name and selected provider can be cancelled if wrong provider selected

**[Business Enhancement]** Update the Provider Selection search on the PA page to match the New PA page functionality to be consistent

**[Business Enhancement]** Allow Direct Admins to Activate Inactivated uses from the Users page

**[Business Enhancement]** Remove the Rental tab from Global product page

**[Business Enhancement]** Don't show the VeriPro dashboard in DJO accounts

**[Business Enhancement]** Improve the order of events a User sees upon login so they know their account is Inactive and password is not expired

**[Operational Enhancement]** Add a new field to DJO products to show a Phase Out pill on product page when enabled

**[Operational Enhancement]** Add billing modifiers to DJO Integrator's PatientAgreementSerializer within the PA Products loop

**[Future Functionality]** Allow System Admins to create and view CF's so they can be assigned to accounts

**[Future Functionality]** Allow System Admins to edit CF's

**[Bug Fix]** Create New Patient link is not showing on All Patient page for non-Admin Users

**[Bug Fix]** Removing MRN or patient's middle name from the PA page and saving is not updating patient record

**[Bug Fix]** Rental Status report is not indenting on the dropdown when viewing from PA page nav bar

**[Bug Fix]** General UI alignment fixes

**[Bug Fix]** Payment Receipts aren't staying attached to billing doc when printing

**[Bug Fix]** User List is missing from report dropdown for Admin users

**[Bug Fix]** Batch signing from iPhone is causing prescription PDF alignment issues

**[Bug Fix]** Honeybadger error: NoMethodError: undefined method 'slice' for nil:NilClass

**[Bug Fix]** Honeybadger error: NoMethodError: undefined method 'email' for #<NullUser>

**[Bug Fix]** Multipage Upload button is missing from PA page on iPad and Safari with iOS 13.1.1 or higher

**[Bug Fix]** The envelope icon should be grey if patient declines email receipt, not outlined in green

**[Bug Fix]** Fix Archive, Notes & Attachments under action menu on Provider's All PAs tab

**[Operations & Security]** Dependabot Update

**[Chore]** Address issues with the bullet gem in development
