Sports Orthopedic & Spine - Carlsbad - Doctor Abductor  
10/09/2020 by Cynthia Sever

Squared Toe Post-Op Shoe (79-81232/Right), Quick-Fit Wrist II (79-87560/Left)

ID 592566  
MRN 111111  
DOB 1901-02-02

Name or Code

**Update PA**

### [Business Enhancement] On the Patient Agreement, Billing Submission and Missing ICD-10 tab, add pagination to the top of the page to decrease scrolling

### [Business Enhancement] Add a confirmation modal prior to submitting a PA for patient signature via DS so the email isn't triggered accidentally

### [Business Enhancement] Disable the patient signature selection on the PA if the DS email has been triggered

## Release Notes Continued

October 28, 2020

---

**[Business Enhancement]** Add an Extended Price column on the Restock screen so users can easily see the amounts making up the Shipping Threshold total

**[Business Enhancement]** Update the Category filter on the Products page to default to 'All Categories'

**[Reporting]** Improve the Provider Usage report data so it's more clear and correctly calculating

**[Operational Enhancement]** Allow the Global product Edit button to link to SM for Super Admin users

**[Operational Enhancement]** Update the Protocol Script pad with current DJO branding

**[Operational Enhancement]** Hide the ICD-9 table on the Diagnosis page so it only shows ICD-10s

**[Operational Enhancement]** Add fields to the nightly export for exporting process

**[Future Functionality]** As HiP, allow for the update of patients based on external ID

**[Future Functionality]** Allow for the capture of Primary Use zip code for Medicare patients for CB

**[Future Functionality]** Update the UI on CF new/edit page so it's easier to manage the setup

**[Bug Fix]** Accounts without a Master Account assigned should not be able to see Account Group products on the Product page dropdown

**[Bug Fix]** Pagination disappears on the Clinics page if users change filters in the dropdown

**[Bug Fix]** Both Patient and Provider Signature dropdowns are floating above the buttons if the user hasn't scrolled far enough down the page

**[Bug Fix]** Fix failing flaky test: `billing_channel_summary_spec`

**[Bug Fix]** Adding Drop Ship Address is removing the second product added to the PA before it's saved

**[Bug Fix]** Previous On-hand Counts are not importing onto the Inventory Shrink report

**[Bug Fix]** Sorting Oldest/Newest and Newest/Oldest after setting Has VeriPro filter is broken

**[Chore]** Upgrade wkhtmltopdf so we are using the latest version

**[Chore]** Resolve `represent_boolean_as_integer` deprecation warnings

**[Chore]** Upgrade to Rails 5.2.4.4
