

OVERVIEW OF COMPETITIVE BIDDING FEATURES

There are new features added in MotionMD® to aid users in identifying Patient Agreements impacted by Competitive Bidding.

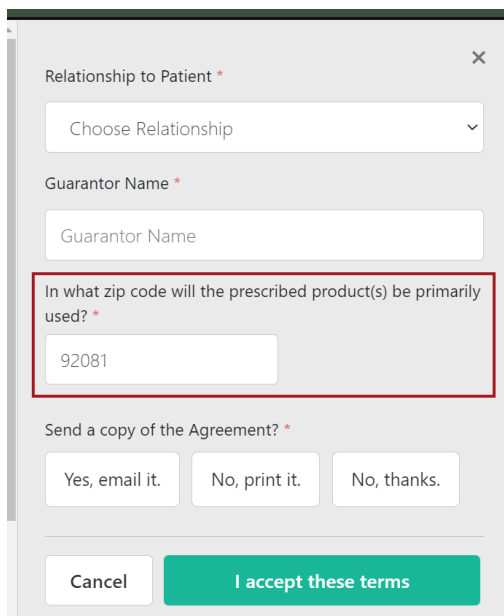

Competitive Bidding Early Warning notification. If a product placed on a PA with a HCPCS subject to Competitive Bidding and the Payment Method is Medicare with a primary zip code in a Competitive Bid Area, users will receive an early warning alert:

As a user is creating the PA and the criterion for Competitive Bidding is met an early warning alert will appear:

Ability to capture a Medicare beneficiary’s “Primary Usage Zip” code: This is necessary to determine if the patient will be using the prescribed product(s) in a Competitive Bid Area

Under the patient signature option, the patient will be required to enter or validate the primary zip code prior to acceptance of terms. The primary zip code will auto populate if it was captured under the Customer details in the Medicare Payment Method. If it’s blank, the patient will need to manually enter the data prior to signing

A screenshot of a patient agreement form. The form is titled "Relationship to Patient" and includes a dropdown menu for "Choose Relationship". Below this is a text input field for "Guarantor Name". A red box highlights a text input field for "In what zip code will the prescribed product(s) be primarily used?" with the value "92081" entered. Below this is a section for "Send a copy of the Agreement?" with three buttons: "Yes, email it.", "No, print it.", and "No, thanks.". At the bottom are "Cancel" and "I accept these terms" buttons.

OVERVIEW OF COMPETITIVE BIDDING FEATURES

Customer

Relationship to Patient: Self
Choose from official choices on 1500 claim form

* First Name: Bob

* Last Name: Brown

Street: _____

City: _____

State: _____

Postal Code: 12345

Phone Number: _____

Competitive Bidding Billing notification: Prior to submitting a claim to billing, users will be alerted with a Competitive Bidding pill on any PA meeting Competitive Bidding criterion.

On the Patient Agreement, Billing Submission and Missing ICD-10 tab, users will see a “Competitive Bidding” pill next to the affected product(s) on the PA:

The screenshot shows the MOTIONMD Billing Submission interface. On the left is a navigation sidebar with filters like 'Not Submitted', 'All Clinics', 'All Providers', etc. The main content area shows a 'Billing Submission' card for 'Brown, Bob' with a 'Submit to Billing' button. Below this, a table lists products. One product, 'OfficeCare', is shown with a 'Competitive Bidding' pill next to it. The product details include 'Reaction Knee Brace' and ICD-10 codes '11-0215-4 - Knee - (XL/XXL) - Body Side Right - L1812, L2795'. The payment method is 'Medicare (Medicare)'. On the right, there are fields for 'Diagnoses' (A20), 'Ready for Billing' status (1/1), and patient information (ID 593187, MRN 111111, DOB 1901-02-02, Birthdate 1901-02-02, Email Cynthia.sever@djoglobal.com, Provider John Doe).
