# APPLYING CLINIC FILTERS IN THE PATIENT AGREEMENTS TAB

To filter and view patient agreements for multiple clinics navigate to Patient Agreements under the Clinical tab on the Main Dashboard. The filter is visible only when there are three or more clinic locations associated with an account.

Select the All Clinics filter.   There is an option to select individual clinics by checking the box that appears next to the Clinic name and Apply Selection.

Clicking on the Select All link will automatically check all clinics on the list.
